Volunteer Physicians to Access Consultation/Treatment

To all,

Thank you for your continued support throughout the years with development of the Southern Oregon Physicians Directory.

The 2015 publication is VolPACT’s second year in charge of processing and developing the directory. The proceeds from the purchase of the directory help fund VolPACT’s operational expenses and help keep this tremendous service to the underserved available to our community.

VolPACT was organized in 1994 as a temporary, collaborative, charitable, community response to a lack of access to subspecialty medical care by a large population of uninsured, low-income, working residents in Jackson County. This organization has always been made possible by the collaborative efforts of three major contributors.

1. All three Jackson County Hospitals (RRMC, PMMC, and AACH) have made large annual contributions of medically necessary hospital care and high-tech procedures for patients who qualified for the VolPACT program.

2. The Safety-Net Clinics (LaClinica and CHC) provided office space, primary care and basic screening to ensure we were serving the most financially vulnerable and medically needy residents of our county.

3. Private Practice Physicians, who volunteer their services (most without charge) to the needy patients referred from the safety-net clinics.

Since 1994, VolPACT has provided necessary charitable care for thousands of low income Jackson County residents. VolPACT’s apex year was 2007, where it provided over $3 million in charitable care to over 500 low income Jackson County residents, by 240 local volunteer physicians!

We thank you again for supporting VolPACT by purchasing the Southern Oregon Physicians Directory. If you are interested in supporting VolPACT further with volunteer time or donations, please contact Thresia Haugen, VolPACT Adm. Coordinator at haugenthresia@msn.com.

Respectfully,

President

Principles of Medical Ethics (American Medical Association)

Preamble—The medical profession has long subscribed to a body of ethical statements developed primarily for the benefit of the patient. As a member of this profession, a physician must recognize responsibility not only to patients, but also to society, to other health professionals, and to self. The following Principles adopted by the American Medical Association are not laws, but standards of conduct which define the essentials of honorable behavior for the physician.

I. A physician shall be dedicated to providing competent medical service with compassion and respect for human dignity.

II. A physician shall deal honestly with patients and colleagues, and strive to expose those physicians deficient in character or competence, or who engage in fraud or deception.

III. A physician shall respect the law and also recognize a responsibility to seek changes in those requirements which are contrary to the best interests of the patient.

IV. A physician shall respect the rights of patients, of colleagues, and of other health professionals, and shall safeguard patient confidences within the constraints of the law.

V. A physician shall continue to study, apply and advance scientific knowledge, make relevant information available to patients, colleagues, and the public, obtain consultation, and use the talents of other health professionals when indicated.

VI. A physician shall, in the provision of appropriate patient care, except in emergencies, be free to choose whom to serve, with whom to associate, and the environment in which to provide medical services.

VII. A physician shall recognize a responsibility to participate in activities contributing to an improved community.
WE ARE UNMATCHED IN
REWARDING OUR MEMBERS
FOR PRACTICING
GOOD MEDICINE

As a company founded by doctors for doctors, we believe that doctors deserve more than a little gratitude for an outstanding career. That’s why we created the Tribute® Plan—to reward our members for their loyalty and commitment to superior patient care with a significant financial award at retirement. How significant? The highest distribution to date is $138,599. This is just one example of our unwavering dedication to rewarding doctors.
